Mathematics 1 and Advanced Mathematics 1 Overview: August 2018				
Monday	Tuesday	Wednesday	Thursday	Friday
Please note that schedule is subject to change….this is a high level overview of what to expect for the month. Weekly updates are best indicators, so make sure you are receiving my emails.	Note: Summer Packet is due on 08/31 and is worth a Project Grade. Composition book required by 08/22 or student will fall behind. TEST #1 ON 09/07	15 Review: Classroom Rules, Syllabus, IB in Mathematics, Journal Overview, Website	16 Review: Classroom Rules, IB in Mathematics, Website, Multiplication & Division Drills, Place Value, Time	17 Review: Classroom Rules, IB in Mathematics, Journal Overview, Multiplication & Division Drills, Numerical Operation Codes
20 Diagnostic Test Part 1 (CW)	21 Diagnostic Test Part 2 (CW)	22 Review Diagnostic Tests Begin Journal work: Vocabulary 1	23 Journal work (GM 1.1): What is the Number System?	24 Journal work (GM 1.2): How can numbers be ordered?
27 Journal work (GM 3.1/3.3): Where do fractions belong? HELP CLASS 7:30-8:15	28 Quiz: Identifying Integers and their opposites, comparing and ordering integers and rational numbers, classifying rational numbers (QZ) Journal Check #1 (CW)	29 Journal work (GM 1.3/3.2): Identifying Opposites and Absolute Value of Rational Numbers.	30 Journal work (GM 1.3/3.2): Identifying Opposites and Absolute Value of Rational Numbers.	31 Collect Summer Packet (PR)

NOTES:
- CW=classwork grade   QZ=quiz grade   TS=test grade   PR=project grade

- Students should work on iReady every day to increase growth and have a better chance of success.

- A ZERO is given to students who are absent. It is absent student's responsibility to SEE me for make-up work BEFORE school or AFTER school. Students are responsible for making up work missed according to the number of days of an EXCUSED absence. Otherwise, the ZERO will stay. Make-ups must happen BEFORE school or AFTER school.
